

# HUGO BOSS

HUGO BOSS is globally renowned as a successful fashion and lifestyle brand. On the one hand, we have our passion for extraordinary design and high expectations regarding fabrics, processing and fit to thank. On the other hand, we like to encourage our team of almost 12,500 employees to think outside the box. After all, different perspectives enhance creativity and performance and result in products that are sold in 127 countries at over 7,000 sales points around the globe.

Within our Shirt Product Division in Coldrerio/Switzerland for a six-month internship since June 2016 , we are searching for an:

## **Intern Creative Technical Product Development Trimmings**

The candidate will be mostly handling the following tasks:

- Organization, administrative and creative support of the trimmings collection development process;
